Objective

Passionate and detail-oriented Java Developer with a strong foundation in object-oriented programming, data structures, and software development. Currently a student, eager to apply my skills in Java, backend development, and scalable application design to real-world projects. Enthusiastic about contributing to innovative software solutions, enhancing system efficiency, and collaborating in dynamic environments. Seeking an opportunity to leverage my technical expertise and problem-solving abilities to develop impactful and user-friendly applications.

Education

- KPR College Of Arts Science and Research**
B.SC COMPUTER SCIENCE

2023 - 2026

Skills

- Java
- Web Developer
- Problem Solving

Projects

- ATM Console Machine**
Implemented transaction handling, user authentication, and record management, ensuring secure and efficient operations.
